Stay Connected
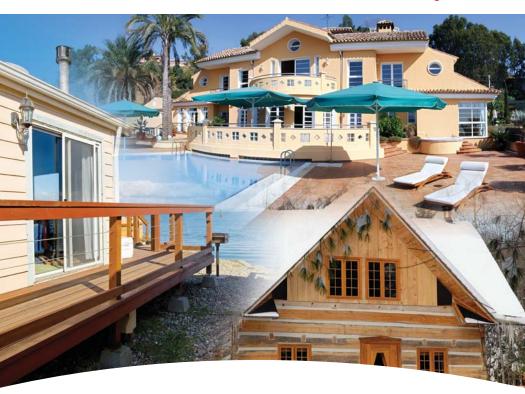

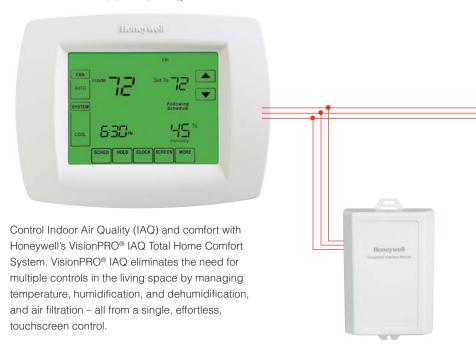

W8735D Telephone Access Module

Telephone Access Module (TAM):

Staying connected with your home just got easier with the latest innovation from Honeywell, the Telephone Access Module (TAM). With the TAM you can easily adjust the comfort levels in your home, cabin or vacation retreat using your telephone. You can even be notified when a system failure occurs, and have your local HVAC contractor notified immediately. Honeywell's TAM, your remote home monitoring system.

VisionPRO® IAQ

Control Indoor Air Quality (IAQ) and comfort with Honeywell's VisionPRO® IAQ Total Home Comfort System. VisionPRO® IAQ eliminates the need for multiple controls in the living space by managing temperature, humidification, and dehumidification, and air filtration – all from a single, effortless, touchscreen control.

Equipment Interface Module

Other Products Compatible With The TAM

| Whole-House Humidifier | Whole-House Dehumidifier | Whole-House Ventilation | Whole-House Telephone Access | Whole-House Ultraviolet Treatment | Whole-House Air Cleaner |

Remote Home Monitoring System

Emergency Condition Notification:

Receive instant phone notification when there is an emergency in your vacation home such as a temperature drop that indicates a heating failure and potential for property damage.

Remote Monitoring of Your Home, Cabin or Vacation Property:

Remotely monitor multiple parameters, including temperature, humidity and power. You can even detect the presence of water in your property.

Dispatch Help Immediately:

Program your TAM to contact your HVAC contractor immediately for repair service after detecting an emergency condition.

Access Your Thermostat By Phone:

Remotely access your thermostat to change the temperature in your home or vacation property to your desired level before arriving.

Multiple Alarm Priorities:

Tell your TAM to notify you differently based on the severity of the situation, calling you instantly when water is first detected on the floor or the basement, but only at a pre-determined time when the air filter needs to be changed.

Works With Complex HVAC Systems:

Monitor and adjust the temperature in up to 36 zones within your home through a single Honeywell TAM.

Easy Configuration and Access:

User friendly, voice driven menu for remote system set up and modification of your TAM.

Part Numbers and Accessories

Telephone Access Module:

Part Numbers	Description
W8735D1009	2-Channel TAM
W8735D1017	4-Channel TAM

VisionPRO IAQ Total Home Comfort System:

Part Numbers	Description
TH9421C1004	Thermostat Only
YTH9421C1002	Thermostat and Equipment Interface Module
THM5421C1008	Equipment Interface Module Only

VisionPRO IAQ Accessories:

Part Numbers	Description
C7089U1006	Outdoor Temperature Sensor
C7189U1005	Indoor Temperature Sensor

Networked Zoning Systems and Accessories:

Part Numbers	Description
Y8835A1044	Networked Zoning Kit: Zone Panel and 2 Thermostats
Y8835A1028	Networked Zoning Kit: Zone Panel and 3 Thermostats
W8835A1004	EnviraZone (3H/2C) Networked Zone Panel
W8703A1003	EnviraCom Damper Interface Module (Expands W8835A1004 up to 9 Zones)
C7835A1009	EnviraCom Discharge Air Temperature Sensor
W8735A1005	EnviraCom Serial Adapter

System Enhancements:

Part Numbers	Description
HE225A/B	Bypass Flow-Through Whole-House Humidifier
HE365A/B	Fan Powered Flow-Through Whole House Humidifier
HE420A	Steam Powered Whole-House Humidifier
DH90	Whole-House Dehumidifier with Integrated Ventilation Control
ER150/200	Energy Recovery Ventilator
HR150/200	Heat Recovery Ventilator
EARD6	Fresh Air Damper
UV100E	UV Air Treatment System with Smart Lamp Technology
F300	Whole-house Electronic Air Cleaner
