Ventamatic® Static Roof Vents

Ventamatic® Static Roof Vents

- *Create constant airflow in the attic*
- *Save on energy costs by reducing strain on heating and cooling systems*
- *Help prolong shingle life and protect roofing components*

VX25 SERIES (1400 CFM) • Large Capacity Vent (144 sq in NFA)

- Galvanized steel Dome (mill, brown, black, weathered grey)
- ABS Cycolac® Plastic Dome (grey)
- Extra large NFA reduces number of vents required by 2/3 compared to standard 50" vent
- Industry-leading expanded mesh screen protects against birds and rodents
- Suitable for up to 8/12 roof pitch
- Easy to install

ABS Cycolac® plastic

VX25: galvanized steel dome

VX25RG (with Rain Guard)

Models:
VX25: galvanized steel dome (mill, black, brown, weathered grey)
VX25T: ABS Cycolac® plastic dome (grey, black, brown)
VX25RG (with Rain Guard): galvanized steel dome (mill, black, brown, weathered grey)

SBV 40 GV SERIES • Small Slant Back Vent (40 sq in NFA)

- Galvanized steel (brown, black, weathered grey)
- Fully screened to protect against rodents, insects, and birds
- Suitable for up to 8/12 roof pitch

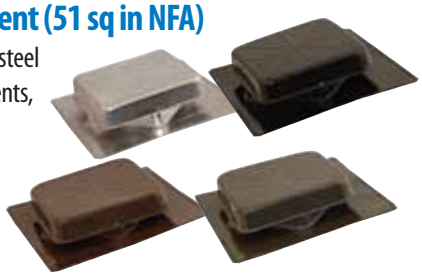

Model:
SBV40: galvanized steel
(black, brown, weathered grey)

PRODUCT SPECIFICATIONS: STATIC ROOF VENTS

Model No.	Description	Base	Opening
VX25, VX25T	Large Capacity Round Vent	25" x 25"	15" dia.
VX25RG	Large Cap. Round Vent w/ Rain Guard	25" x 25"	15" dia.
SBV 40	Small Galv Slant Back Vent	14" x 16.75"	8.5" dia.
SBV 603, SBV 603 GV	Alum. Slant Back Vent, Galv Slant Back	16" x 20"	8" dia.
STV-51, STV-51 GV	Alum. Square Top Vent, Galv Sq Top	16.5" x 17.5"	8" x 8"
SBV 61	Plastic Slant Back Vent (low profile)	17" x 18"	9" x 9"

STV-51 SERIES • Square Top Vent (51 sq in NFA)

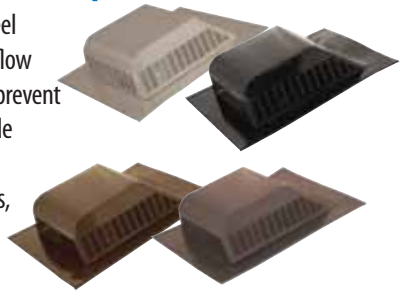

- Available in aluminum or galvanized steel
- Fully screened to protect against rodents, insects, and birds
- Weather-proof rolled flange
- Large flange makes installation easy
- Suitable for up to 6/12 roof pitch

Models:
STV-51: aluminum construction (mill, black, brown, weathered grey)
STV-51 GV: galvanized steel construction (mill, black, brown, weathered grey)

SBV 603 SERIES • Slant Back Vent (51 sq in NFA)

- Available in aluminum or galvanized steel
- Three-sided design provides greater airflow
- Louvers direct exhausted air upward to prevent discoloration of roof shingles and provide maximum protection from weather
- Fully screened to protect against rodents, insects, and birds
- Suitable for up to 8/12 roof pitch

Models:
SBV 603: aluminum construction (mill, black, brown, weathered grey)
SBV 603 GV: galvanized steel construction (mill, black, brown)

SBV 61 SERIES • Low Profile Slant Back Vent (51 sq in NFA)

- Low profile slant back design provides greater protection from weather
- Ultra-violet inhibited polypropylene construction resists corrosion, crackling, and discoloration from water, chemicals, and salt air
- Fully screened to protect against rodents, insects, and birds
- Extra-large flange has pre-drilled nail holes for easy installation
- Suitable for up to 8/12 roof pitch

Model:
SBV: UV-inhibited polypropylene (black, brown, grey, weathered grey)
