Wi-Fi FocusPRO®

Honeywell

Reliable Connection and Added Value in One Powerful Thermostat

Wi-Fi FocusPRO®

THE MOST VALUABLE THERMOSTAT ON YOUR TRUCK…

The perfect blend of reliable design and attractive pricing makes the Honeywell Wi-Fi FocusPRO® an outstanding value. You can offer your customers the performance and ease of use that have made FocusPRO so popular, with the wireless connectivity expected in today's "connected" world.

The Wi-Fi FocusPRO works seamlessly with Honeywell's My Total Connect Comfort Services. Your customers will enjoy being able to monitor and control their home's comfort settings from anywhere at anytime. You'll be giving them the power of connection and maximized comfort while also optimizing your profitability.

EASY INSTALLATION AND SETUP

The Wi-Fi FocusPRO installs just like standard FocusPRO models, so you'll breeze through the familiar installation. After that, it's just a simple matter of a few easy steps to set up the remote access for use with a computer, smartphone or tablet.[1] All the homeowner needs is access to their home network, and a computer or device with access to mytotalconnectcomfort.com. The connection is quick and easy.

[1]Free apps are available for Apple iPhone, iPad and iPod and Android devices. Check www.mytotalconnect.com for more mobile applications coming soon.

5-YEAR WARRANTY

[2]When used as directed, programmable thermostats can save up to 33% on annual heating and cooling costs. Savings may vary depending on geographic region and usage.

DON'T JUST CONNECT. TOTAL CONNECT.

Once your customers are registered to Honeywell's My Total Connect Comfort, they'll have a world of comfort control at their fingertips like never before. They'll be able to customize their system and alert settings, download free mobile apps and more at the Total Connect web portal.

Just as the Wi-Fi FocusPRO delivers a reliable Wi-Fi connection, Total Connect delivers a wide range of reliable services from any connected device. Your customers will be able to:

- View and change their HVAC system settings (Heat, Cool, Off, Auto, Fan, EM Heat)
- View and set the temperature
- Access multiple thermostats if the system is zoned
- Access multiple locations if more than one system is connected
- Receive temperature alerts via e-mail or app
- Get automatic upgrades as new features are available
- Schedule remotely via the web

Built on the same platform as the #1 residential thermostat, FocusPRO gets connected. Millions of homes today are equipped with Wi-Fi enabled devices touching every corner of a homeowner's life on a daily basis. This translates into a great upsell opportunity for you. Conscientious homeowners who want a simple way to remotely monitor and help manage their energy costs will have peace of mind with this Wi-Fi thermostat offering from Honeywell. And, they will have you to thank.
