As an ENERGY STAR partner, Honeywell has determined that this product meets the ENERGY STAR guidelines for energy efficiency.

The Chronotherm IV Plus, the Deluxe Programmable Thermostat. Available in taupe or Premier White™.

**Honeywell—the  
#1 choice of homeowners  
and contractors**

*No other line of thermostats is more accurate*

Exceptional comfort • Energy savings • Easy to use • The name consumers know and trust

T8600 family models are available for conventional gas/oil systems, heat pump systems and multistage systems.

\*If used as recommended. Your savings depends on home size and actual heat loss or gain, geographic location, frequency of temperature changes and range in degrees in change.
