

Commercial VisionPRO™ 8000

Honeywell

**NOW AVAILABLE WITH FEATURES TAILORED
SPECIFICALLY FOR COMMERCIAL APPLICATIONS.**

**Easy To Install. Easy To Program.
Easy To Like.**

In short, your commercial business just got easier.

Now you can offer your commercial customers the popular VisionPRO™ 8000 thermostat with features designed just for them. The sleek design, menu-driven programming, touchscreen display and other features that have made the VisionPRO 8000 such a popular choice are still here, but the Commercial VisionPRO 8000 goes even farther. Your customers will enjoy multiple lockout levels, configurable recovery ramps, temperature setback and more.

More Profits. Fewer Compromises.

The new Commercial VisionPRO 8000 is designed with commercial contractors and end-users in mind. Your customers will enjoy all the features they need in a commercial thermostat, and you'll enjoy the easy installation and set-up along with the increased profits that will come from selling the exact product your customers want.

You'll also enjoy a simplified inventory. Because the Commercial VisionPRO 8000 has a wide range of controls built in, it fits all your commercial applications. So you can carry just one model to meet all your needs.

- **Great Features**

The sleek design, menu-driven programming and large touchscreen display are all here.

- **Saves Energy**

Effortless programming helps your customers save up to 33% off their energy bill.¹

- **Title 24 Energy/Air Quality Compliance**

Preoccupancy Purge and Override Limits meet all fresh air and override limitation requirements. Qualifies for utility rebates!² Energy Star® compliant.

- **Multiple Lockout Levels**

Save energy and money by preventing unauthorized setting changes.

- **Holiday Setback**

Lets users easily select the temperature to maintain while they're away from the building without re-programming.

- **Configurable Recovery Ramps**

Automatically changes the temperature so that it ramps up gradually, helping to prevent oversized equipment from going beyond the desired temperature.

¹ If used as directed. Savings may vary depending on geographic region and usage.

² Where applicable.

OS Number	Description	Applications
TB8220U1003	Commercial VisionPRO 8000	2H/2C Conventional 3H/2C Heat Pump

Commercial VisionPRO™ 8000 is easy on the eyes, too.
