

# Vent-Free Gas Heaters

**WILLIAMS**

Two attractive inexpensive solutions  
for assured, on-command home heating.  
Power heating in a compact package!

Get quick efficient warmth without the need for  
venting or electricity. Relax in comfort created by  
these 99.9% efficient heaters with low-fuel  
consumption and quiet operation.

For additional savings,  
install one of our optional blowers.

**Blue-Flame**  
**6,000 to 30,000 Btu/hr.**

Blue-Flame Heaters distribute heat evenly  
throughout your room, quickly warming the  
surrounding air. This heater's cheerful blue-flame  
is visible from behind the safety glass.

**Infrared**  
**6,000 to 30,000 Btu/hr.**

Infrared heaters provide direct radiant  
heat, quickly warming people and objects  
in the room. Ceramic plaques behind the  
grille gives this heater its' warm glow.

**No Electricity  
Required**

*Great during power outages!*

## Design Features

- ✓ No electricity required
- ✓ Economical: 99.9% efficient
- ✓ Push button "Matchless" igniter
- ✓ Temperature and safety controls
- ✓ No outside duct or chimney needed
- ✓ Space saving design without sacrificing beauty
- ✓ Easy to install - placement is virtually unlimited
- ✓ Operational controls available with manual (1 to 3) or automatic (variable), top-mounted thermostat settings
- ✓ Available in natural or propane gas. Selected models are equipped with the "Fuel Exchange System" that lets you use either natural or propane gas
- ✓ O.D.S. (Oxygen Depletion Sensor) with automatic shut-off
- ✓ Contemporary finish to match any décor

The Fuel Exchange System  
allows you to convert  
from Propane to Natural  
gas or Natural to Propane  
Gas without a gas  
conversion kit.

### Important

- Read owner's manual before using/installing.
- Not for use in recreational vehicles.
- Photographs are representative only.
- Check local codes and ordinances for permitted uses.
- Consult installation manual for clearances prior to installation.
- We reserve the right to amend product specifications without notice.
- Installation and servicing recommended by a qualified service person.
- Use with adequate air (ventilation) only. Refer to owner's manual for details.
- Operating heater at elevations above 4,500 feet could result in nuisance outages.
- Specify propane or natural gas when ordering. Models designated for use with dedicated natural or propane gas are not intended for conversion between fuel types.
- Please read the warranty for any limitations or disclaimers. All parts carry a one-year limited warranty.
