HIGH-EFFICIENCY HEAT PUMPS

DSZC16

Goodman®

Air Conditioning & Heating

UP TO 16 SEER PERFORMANCE
COMFORTNET™ COMPATIBLE

Thank goodness for Goodman®
ENERGY-SAVING EFFICIENCY WITH GOODMAN

When properly matched and installed, your Goodman® brand DSZC16 Heat Pump offers up to 16 SEER high-efficiency performance. “SEER” stands for Seasonal Energy Efficiency Ratio, a measure used by the U.S. Department of Energy to rate the efficiency of air conditioners and heat pumps. The higher the SEER, the greater the efficiency — and the lower the operating cost. Your Goodman brand DSZC16 Heat Pump also can provide high-efficiency heating performance up to 9.5 HSPF (Heating Seasonal Performance Factor).

ENJOY THE COMFORT OF A GOODMAN BRAND HEAT PUMP

Beat the summer heat and the winter cold with a Goodman brand DSZC16 R-410A Heat Pump — a unit that provides you with high-efficiency, reliable performance and quiet operation. This heat pump’s problem-free operation and outstanding features add up to a refreshingly affordable value compared to lower SEER units.

EXPERIENCE QUIET COMFORT

You can be assured that your Goodman brand Heat Pump will provide you with quiet cooling and heating all year long. To minimize operating sounds, we’ve acoustically engineered our systems with enhancements that include a compressor sound-reduction cover made of high-density foam and a specially-designed wire discharge grille. Additionally, the two-speed operation of the condenser fan motor allows your outdoor fan to run more often at a lower speed.

R-410A REFRIGERANT

Compared to the lower SEER R-22 refrigerant units, your new Goodman DSZC16 Heat Pump System will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. This refrigerant does not contain chlorine.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of heat pump compressors.
IMPRESSIVE FEATURES AND BENEFITS:
GOODMAN® BRAND DSZC16
R-410A HIGH-EFFICIENCY HEAT PUMP

- High-Efficiency Cooling Performance (Up to 16 SEER)
- High-Efficiency Heating (Up To 9.5 HSPF)
- ComfortNet™ Communicating Systems Compatible
- Chlorine-Free R-410A Refrigerant
- Two-Stage UltraTech Copeland® Scroll Compressor
- Expanded ComfortAlert™ Diagnostics Built In
- 5mm SmartCoil™ Condenser Coil in Select Models
- SmartShift™ Technology to Ensure Quiet, Reliable Defrost
- Factory-installed, Bi-flow Liquid Line Filter Drier
- Factory-Installed Suction Line Accumulator
- Quiet Operation Ensured By:
  - A High-Density Foam Compressor Sound Cover
  - Efficient Condenser Fan Motor
  - A Wire Fan Discharge Grille
- Factory-Installed Compressor Crankcase Heater
- Factory-Installed High-Capacity Muffler
- Factory-Installed Coil and Ambient Temperature Sensors
- High- and Low-Pressure Switches
- A Louvered Cabinet Made of Heavy-Gauge Galvanized Steel that Protects the Coil
- Appliance-Quality, Post-Paint Finish Resists the Effects of Weather and Time
- AHRI Certified; ETL Listed
