ASPT, ARUF, AWUF, AWUT AND ACNF
ENERGY-EFFICIENT AIR HANDLERS
MBR BLOWER MOTOR

At Goodman, we believe in American dependability. Units are designed, engineered and assembled in the U.S.A.
Goodman is one of the biggest names in home heating, cooling and energy-efficient home comfort. That’s because Goodman lives up to its name in a big way, with time-tested energy-efficient technology, highly-durable materials and spot-on manufacturing. So, no matter where you live or whether your home is small or large, Goodman probably has a solution to help keep your home comfortable.

Using Goodman is a breeze. Love is in the air.

The best indoor comfort system is the kind you don’t have to think or worry about. It comes on the moment you need it and then runs quietly and efficiently year after year. Goodman air handlers and coils have features designed to provide outstanding performance. We use advanced techniques and materials so you know the cozy, even temperature you feel in every corner of your home is an energy-efficient trend you’ll love for many years.

Home comfort that won’t blow your budget.

Our complete line of air handlers and coils are priced reasonably and affordably from your local independent dealer. And that’s only the beginning. We want you to smile every time you open your utility bill, so we design into our units proven efficient technology.

Taking pride in our company heritage.

Goodman brand heating and cooling systems are designed to provide refreshingly affordable and energy-efficient indoor comfort solutions using advanced technology. But the company ultimately adheres to some old-fashioned values, too. Goodman believes in the integrity of the American worker. That’s why Goodman brand heating and cooling systems are designed, engineered and assembled in the United States.

Experience reliable indoor comfort for everyone in your home year after year.
A LOT GOES INTO EVERY GOODMAN BRAND AIR HANDLER

Goodman® ASPT, ARUF, AWUF, AWUT and ACNF Air Handlers with All-Aluminum evaporator coils provide you with reliable, energy-efficient and affordable indoor comfort.

**All-Aluminum Evaporator Coil (ASPT, ARUF, AWUF, AWUT and ACNF models)** – Designed for efficient heat transfer and durable performance and corrosion resistance due to rust.

**Multi-Speed Motors (AWUF and ACNF models)** – Energy-efficient operation helps to lower utility bills compared to single speed motors.

**Field-installed Electric Heat** – From 3-25 kW for emergency heat, if ever needed.

The art of precision – the MBR Blower Motor

**Modular Configurations with Upflow, Counterflow and Horizontal Positions** – Allows for easy installation of unit regardless of your application.

**Field-Installed Heat Strips** – From 3-20 kW for emergency heating, if ever needed.

---

**SINGLE METAL SOLUTION**

The All-Aluminum evaporator coil in our ASPT, ARUF, AWUF, AWUT and ACNF air handlers is constructed from aluminum tubing, fins and end plates giving you a single metal solution for outstanding, time-tested, heat transfer performance properties. If you’re looking for an evaporator coil that offers enhanced durability, coupled with enhanced performance (as tested in our labs), this is the product for you. Models ASPT, ARUF, AWUF, AWUT and ACNF contain All-Aluminum evaporator coils.

**INDOOR HUMIDITY**

A warm summer day is fine as long as humidity doesn’t cause you to break into a sweat when walking from your house to the car. The same applies indoors. You’re more comfortable inside your home when the moisture level is lower – just as you are more comfortable outside when it’s not as humid.

Goodman systems are designed to improve air comfort by lowering indoor moisture levels.

COUNT ON OUTSTANDING LIMITED WARRANTY* PROTECTION

* Complete warranty details available from your local dealer or at www.goodmanmfg.com. To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

When your current air handler or blower motor breaks, it’s good to know that your local, independent Goodman brand contractor has financing options available to help defray what might be considered an emergency purchase for your home.
Many of your neighbors may have discovered that a reliable and energy-efficient home comfort system doesn’t have to cost a fortune. Goodman brand whole-house systems feature many of the latest and greatest money-saving technology benefits that we can offer. They are designed and engineered to run quietly and pretty much worry-free.

Why does Goodman have such a large fan base?

Independent, dependable, courteous, prompt, honest, highly-skilled and respectful of you and your home. That’s why all the time homeowners say,

“These guys are good – really good.”
Once you choose the Goodman® brand, you’ll probably be a fan for life.

You could become one, too!

Just go to www.goodmanmfg.com/reviews and find out why you’ll say “Thank goodness for Goodman®.”

Goodman – A Member of Daikin Group
Daikin Industries, Ltd. (DIL) is a global Fortune 1000 company. It is a worldwide leader for residential and commercial HVAC.
